SCIENTIFIC JOURNAL FOUNDED IN 1975

Vol. 64, No. 4 **L'viv 2021**

C O N T E N T S

Sokhatsky F. M., Lutsenko A. V., Fryz I. V. Construction of quasigroups with invertibility properties 5

Ladzoryshyn N. B., Petrychkovych V. M. On standard forms of pairs of matrices over the ring of Gaussian integers with respect to (z,k) -equivalence 18

Romaniv A. M., Shchedryk V. P. Adequate properties of matrix divisors 25

Savenko P. O. Primary and branched solutions in the problem of approximation of the finite function by modulus of double discrete Fourier transform . . 32

Veselovska O. V., Dostojna V. V., Drohomyretska K. T. Construction of the solutions of the Helmholtz equation in cylindrical system of coordinates in the form of homogeneous polynomials by two biorthogonal systems of functions 47

Adlucky V. J., Levchenko M. S., Loboda V. V. Finite element analysis of the parameters of fracture in a piezoelectric bimaterial with interface crack under different types of boundary conditions on its faces 55

Kryvyi O. F., Morozov Yu. O. Influence of concentrated forces on the interfacial inclusion under the conditions of smooth contact in an inhomogeneous transversely isotropic space 68

Kostenko I. S., Nykolyshyn T. M., Rostun M. Y. Solution of the problem of stress state of closed elastoplastic cylindrical shell with crack in the complex form 82

Solyar T. Ya., Solyar O. I. Determination of plate deflections under localized loads 92

Chernukha O. Yu., Bilushchak Yu. I. Mathematical modeling of processes of convective diffusion and sorption in a three-layered porous body. I. Mass transfer of impurity particles with porous solution 107

Maksymuk O. V., Vasylkiv I. M., Sachuk Yu. V. Periodic contact problem for an elastic foundation with two bedding coefficients 117

Andrukhiv A. I., Huzyk N. M., Sokil B. I., Sokil M. B. Dynamics of flexible drive elements under the action of impulse perturbations 124

Lopuh N. B., Pyanylo Ya. D. Mathematical modeling of the gas-filtration in the bottomhole zone of underground gas-storage wells using fractional derivatives 133

ALPHABETICAL INDEX for 2021 (vol. **64**) 141
